CAPABILITY STATEMENT

Certified women owned business for more than a decade, Quality Facility Solutions (QFS), has worked with government agencies and private organizations providing facility maintenance, mid-construction labor, and janitorial services. Headquartered in Brooklyn, New York, QFS's team of experienced professionals provide more than 50 million square feet of cleaning services annually.

The QFS team is committed to client satisfaction, human capital management practices, and proactive quality control to ensure sustainable results.

Our goal is to work tirelessly with our client, as an extension of your professional staff without the corresponding managerial costs, and deliver sustainable results beyond expectations. Our proactive planning approach combined with our multi-level inspection process safeguards your property and facility. It renders exceptional work performances and ultimately saves you countless unnecessary hardships. On your behalf, we deliver a clean solution of a high-quality standard.
